

## FOOTJOY

With winter fast approaching, it is time to upgrade your wet-weather gear so you can continue to play good golf throughout the cooler months. The FootJoy DryJoys Performance Light rain jacket is

lightweight, comfortable, and combines the feel of a windbreaker with waterproof performance and breathability. The Lightweight

Sta-Dry System is a 100 per cent waterproof shell that's windproof, lightweight, comfortable and stylish. These rain jackets are available in two different colours and are the ideal way to ensure a bit of wet weather doesn't ruin your round.

PRICE: \$289 •

# THE GOLF SHOP

Everything you need for during and after your game.

## AKUNA BREWERY

Akuna Brewery's flagship brands, Akuna Blue and Akuna Gold, have just been launched and both are alcoholic (4.2 per cent) ginger beers. They are the product of a fresh, preservative-free approach to brewing and use real Buderim ginger and fresh lemon juice for an all-Australian thirst-quencher. Brewed in Sydney, Akuna Gold has a spicy ginger flavour while Akuna Blue boasts the added zing of fresh lemons. "It was our aim to present something refreshing and lively that 'tastes' like Sydney's Northern Beaches and represents the best of Australian life," said head brewer, Greg Facer. Already available at Mona Vale and Palm Beach golf clubs in Sydney, it will only take a taste for other golfers to catch on. PRICE: \$19.95 for a six-pack • WEB: [akunabrewery.com.au](http://akunabrewery.com.au)

## GOLFSCIENCE

The continual search for improvement off the tee and on the green is the quest for golfers of all levels. Scientific research – as presented at the International Society of International BioMechanics in Sport Conference (ISBS) – has uncovered a new and almost-perfect golf swing that delivers more power, accuracy and consistency, and limits strain on your back and joints. An eminent biomechanical researcher calls it the "golf swing of the future". And now a website claims to reveal its secret. It says this revolutionary swing is easy to learn and you will hit the ball farther and straighter. In fact, you can make significant changes to your game and enjoy improvement and consistency right away. If you're frustrated with your game, go there immediately to improve the length and consistency of your drives. You have nothing to lose. WEB: [golfscience.com.au](http://golfscience.com.au)

## CALLAWAY GOLF

With impressive features such as a soft 1020 Carbon Steel Body, the Big Bertha Diablo Forged irons provide unmatched feel and performance, delivering incredibly soft, responsive feedback at impact. The new 455 Carpenter Steel face is both lighter and stronger and allows mass to be moved to the perimeter and lower in the sole for better trajectory control than typical forged clubs. With a thinner topline, narrow sole, shorter blade length and minimal hosel offset, the Big Bertha Diablo Forged irons deliver aesthetics, feel and shot-shaping ability. PRICE: \$210 per iron
